Your Total FMLA Management Solution

Why use eFMLA as your FMLA leave administration tool?

As the only fully electronic FMLA leave management software system in the U.S., eFMLA enables you to simplify and streamline the entire FMLA leave administration process, eliminating paperwork, and saving valuable time and effort.

Features Include:

- Electronic, paperless processing of all aspects of FMLA leave management
- Customizable FMLA-required notices to reflect your organization's unique FMLA policies
- Interactive employee portal
- Notifications to supervisors, payroll staff, benefits administrators and others regarding leave request, leave approvals, leave dates, etc. as needed
- Online tracking and monitoring of certification due dates, and return-to-work dates, with reminders to employees
- Robust reporting capabilities
- Tracking of FMLA leave usage and balances based on your organization's 12-month FMLA leave calculation method
- Unlimited data storage of all FMLA-related information and documents consistent with the FMLA's recordkeeping requirements
- Up-to-date reference tips and explanations to reduce the potential for errors in FMLA administration and facilitate compliance
- 24/7 secure administrative access
- Tablet and smart phone compatible

Free Test Drives:

eFMLA offers extended FREE Test Drive trial periods with a fully-functional account. There is no obligation to purchase a subscription after your free trial period ends.

For information on our cost-effective annual subscription fee, contact us directly by phone 855-488-FMLA or by email support@efmla.com.
